EARTHQUAKE WRECKS SAN FRANCISCO

Many Other Towns Damaged Along Western Coast Extending Over Nevada and as Far East as Ogden, Utah.

A severe earthquake occurred at 5:10 Wednesday morning, causing the loss of millions of dollars worth of property in San Francisco.

For three minutes buildings rocked like cradles. It is impossible to form any estimate of the dead and injured. One report says 1000 were killed.

Fires are burning in several parts of the city for want of means to check them as water mains and pipes everywhere are broken by the shock and falling buildings. Buildings are being blown up by dynamite to check the fires that threaten destruction to the remainder of the business portion of San Francisco. The greatest damage was on Drumm, Davis, Front, Battery, Sanson, Montgomery, Kearney, Spear, Main, Beale and Fremont streets. All wires are down, excepting the postal telegraph. The entire water front is on fire. The city hall, costing \$7,000,000, is in ruins. Thousands of buildings are destroyed.

In the residence portion the damage was not so severe and modern buildings sustained less damage than the older brick and frame. Three miles of the Southern Pacific track sank 4 feet under water between Suisun and Benicia, 30 miles from San Francisco. Oakland suffered severely.

D. W. Parmelee was in the city last week.

Mrs. Waterman and Mrs. Collet were in Lincoln this week.

Miss Nancy Hancock is visiting friends in the city this week.

Geo. Cyphers came down from Rosebud on business Tuesday.

Misses Anna and Maggie Boltz went home last Saturday to visit a couple of weeks.

Mesdames Charles Sparks and Tom Hornby are visiting relatives in Neligh this week.

H. S. Savage has sold his residence to R. M. Paddis and has moved into Mrs. Callen's house.

Ed. Richards and Jas. Hudson were in town Monday and each extended his subscription another year.

The editor and family moved Monday into their home recently purchased of ex-county clerk, Chas. Reece.

The Star Livery Co. are raising their feed stables, on Cherry and Catherine streets, four feet and resingling it.

Wesley Holsclaw has decided to remain another season in Valentine and will occupy the Judge Zarr residence.

The Donohoe sisters have had a row of cedars planted outside the sidewalk north of their residence, and have fenced it for protection.

The highest temperature for the week ending April 17th was 76° on the 16th and the lowest 26° on the 15th. Precipitation was .66 of an inch.

Wm. Ballard, Jr., was in town yesterday driving a new spring wagon with wide tires and canvas top, similar to Woodruff Ball's driving wagon.

Are you going to paint your house, barn or fence? If you are, use nothing but Patten's Sun Proof Paint. It goes the farthest and wears the longest. For sale by Red Front Merc. Co., sole agents.

Last Thursday evening a storm came up beginning with rain and turning to snow, and Friday forenoon the snow driven by a fierce north wind was a raging blizzard. Saturday and Sunday it melted away and fine weather prevailed.

Special Easter services were held in the Presbyterian church last Sunday, Rev. Morgan preaching an excellent sermon in the morning on the divinity of Christ. The evening services were conducted by Mesdames Quigley and Dailey, assisted by the children, the choir and special singing by Mrs. McLean, Mrs. Bivens and Miss Quigley. The church was so crowded that many were compelled to stand throughout the services.

HATS HATS

We are offering a special inducement on Men's Hats this week. You will want a new hat for Easter, the day when everybody wears their best. :: ::

SCHOOL NOTES.

By Margaret Quigley.

The teachers meeting is to be held in the high school room in Valentine on April 28.

Miss Nelson took the Botany class for a walk Tuesday evening so they could gather specimens.

On account of the storm last Friday the examinations were not held till Monday of this week, as many were absent Friday.

Misses Estella and Ina Spratt were called home Monday on account of the serious illness of their little brother, who has since died of bronchial pneumonia.

The seniors have had their pictures taken. By Miss Nelson's suggestion a mutual admiration committee was formed and the first ten minutes is devoted to picture study.
